37 Susman Godfrey partners, associates, staff, family and friends rode 180 miles from Houston to Austin as part of the BP MS 150 on April 16-17, 2011. Team “Swift Justice” boasted members ranging in age from 15 to 70, with managing partner, Steve Susman, being the senior competitor.

As part of the ride, team members raised nearly \$100,000 to support research to find a cure and treatment for multiple sclerosis. That total makes Susman Godfrey one of the event’s largest law firm team fundraisers.
